

Dear Local Districts, Families, and Communities,

We are thrilled to welcome you to an exciting new school year at Academic Mastery Academy! This year, we are introducing fresh plans, updated materials, and engaging learning experiences designed to help every student grow, thrive, and blossom academically, socially, and mentally.

At AMA, we take pride in offering an educational program that honors the unique strengths, needs, and potential of each student. Our program partners with Illinois school districts to support students ages 3–21 who have been identified with Specific Learning Disability, Emotional Disability, Developmental Delay, Intellectual Disability, Speech and Language Impairment, Other Health Impairment, and Autism.

We provide all related services in either group or individual settings, as determined by each student's IEP. These services are delivered by highly qualified professionals, licensed by the Illinois State Board of Education, who are dedicated to supporting the whole child.
